LA GRECA SIGNATURE

Extravagant Illusion: Rosenthal meets Versace launches the new La Greca Signature Dining Collection

The new La Greca Signature dining collection reflects the Versace's lifestyle in an extravagant color combination of red and black. The décor is an extension of the La Greca motif and appears as a three-dimensional relief on high-quality porcelain. The subtle geometric ornaments are contrasted with black or white to create an effective illusionistic effect. Elegant Versace lettering adorns this sophisticated collection and is set on plates of various sizes in gold tone.

Whether in black or red, the signature Greca pattern adds an inimitable finish to the contemporary and modern dining collection. The collection of red plates arrives in two different sizes, complete with a mug, small bowls and platters. In black, the collection features plates and bowls in various sizes, in addition to cups, table lights with scented wax and a two-person tea set with a teapot and teacups.

Creating a mix-and-match collection, find La Greca Signature sets in red and black.

NEW
LE JARDIN DE VERSACE

NEW LE JARDIN DE VERSACE

The **Le Jardin de Versace** collection tells of elegance and sophistication, of a variety of colors and shapes, of beetles, butterflies and fruits. A porcelain as **detailed** and **opulent** as the royal gardens of Versailles. Recently, the sophisticated service has become even more detailed. Grasshoppers, bees or dragonflies: new motifs give the design even more summery playfulness.

Let yourself be carried away to the secret gardens of Le Jardin de Versace. Have fun exploring!

The enchanting décor draws flowers and cheerful butterflies in different variations and pastel colors. Turquoise, pink and gold tones are reminiscent of French gardens and make you want to have breakfast or brunch in the open air.

"Look, the grasshopper!" – "Look, a dragonfly!" – new motifs and additional items complement the "Le Jardin de Versace" collection. As extraordinary and opulent as King Louis XIV's garden dreams.

NEW
MEDUSA RED

Iconic Passion: Rosenthal meets Versace introduces the new Medusa Red Modern Dining Edition

Rosenthal meets Versace expands its world and presents the timeless Medusa Red décor in a new, modern edition that marks the 30th anniversary of the Versace and Rosenthal collaboration. Bright red, gold and black color ways flow in this classical décor and highlight its primary focus — a gold-tone Medusa head.

Surrounded by filigree Baroque details, the iconic symbol - placed centrally on the porcelain items - now adorns plates and bowls in various sizes, a small teapot and cups, giving the line an elegant finish. Decorative motifs and ornaments on the coup plates and bowls underline the expressiveness of this collection in modern dining culture.

VERSACE VIRTUS GALA

In a mesmerising contrast of black and white, Virtus Gala dining collection creates the sophisticated aesthetic of Versace. **A Work of Art! The Rosenthal meets Versace Virtus Gala series is expanded into a dining collection**

In 2022 Rosenthal meets Versace expands the successful Virtus Gala series as full service décor. Black, white and gold are fused together on a tableware collection that explores Versace's Barocco aesthetic. Inspired by the brand's iconic designs, the new porcelain references elegant evening dresses and the sophisticated Virtus handbags. The iconic Barocco V is at the center of the tableware line, surrounded by stylized acanthus leaves.

The mix-and-match of various plates, cups, bowls, plates, jugs and gift items in Virtus Gala Black and Virtus Gala White provide a stylish contrast.
